The Willows Pupil Premium Strategy Statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	
School name	The Willows Primary School
Number of pupils in school	Approx. 400
Proportion (%) of pupil premium eligible pupils	33%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022 - 2025
Date this statement was published	September 2022
Date on which it will be reviewed	July 2023 – after an interim review in Dec 22
Statement authorised by	Headteacher
Pupil premium lead	Headteacher
Governor / Trustee lead	PPG Governor

Funding overview 22-23

Detail	Amount
Pupil premium funding allocation this academic year	£126,035
Recovery premium funding allocation this academic year	£14,065
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£16,866
Total budget for this academic year	£156,966

Part A: Pupil premium strategy plan

Statement of intent

At The Willows Primary School we strive to achieve the best for every child in our care. We believe that pupils should be given the opportunity to reach their potential and succeed regardless of their background or ability.

Pupil premium is funding to improve education outcomes for disadvantaged pupils in schools in England. Evidence shows that disadvantaged children generally face additional challenges in reaching their potential at school and often do not perform as well as other pupils.

Pupils looked after by the local authority and the children of armed service personnel are entitled to this premium in addition to any children who are currently entitled to or have been entitled to free school meals in the last six years.

As a school we decide how the allocated pupil premium funding should be spent. We consider each child as a unique individual and decide what additional provision should be made for them to reduce the attainment gap between the highest and lowest achieving pupils nationally. All schools are required to report on the amount of funding received, how this is being used as well as the impact of any provision.

The key principles of our strategy:

		To promote an ethos high aspirations and attainment for all
		To use an individualised approach to address barriers
		To ensure high quality teaching
		To develop self-esteem and confidence of identified disadvantaged and vulnerable children
		To ensure all children to have access to an enriched quality curriculum
		To develop children's literacy skills, including oral language and communication
		strategies in early years, so that vocabulary knowledge, reading and writing
		outcomes are improved
		To develop children's numeracy and arithmetic skills, so that their mental fluency
		and outcomes in maths are improved
		To improve the quality of home learning and give parents the resources to provide
		better practical support for learning at home
_		
Ou	ır ul	timate objectives are:
		To raise attainment of underachieving and vulnerable pupils in order to overcome
		gaps in learning and ensure that they make expected/accelerated progress
		To narrow the attainment gap between disadvantaged and non-disadvantaged
		pupils

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge	Detail of challenge
А	Ensuring the highest quality teaching and use of personalisation to meet needs of dual needs PPG pupils (PPG + SEND)
	Our assessments and observations show that some of our pupil premium children do not make accelerated progress allowing them to reach age related expectations or above at the end of the year in core subjects.
В	A large proportion of our pupil premium children have additional needs – severe SEND, SEND, involvement with external local authority agencies such as social services. Complex situations in some cases with a large number of external agencies involved in supporting the family
	Some of our pupil premium children also have complex needs such as having an additional special need or emotional need, which can negatively impact on their progress and attainment.
С	Children's lack of knowledge of vocabulary and early literacy skills – this often results in poor oral language skills which impacts the ability to read and write.
	Our assessments, observations and discussions show that some of our pupil premium children enter EYFS with lower language and vocabulary skills than some of our non-pupil premium children. This impacts on learning outcomes throughout EYFS to KS2.
D	Poor attendance of PPG pupils – school attendance not a high priority Monitoring shows that PPG children make up the majority of persistent absentees. Persistent absenteeism means that some of our pupil premium children do not make accelerated progress allowing them to reach age related expectations or above at the end of the year in core subjects
E	Poor home learning environments in some cases and a lack of parental engagement with school and in some cases lack of support for school systems and routines such as reading at home, behaviour policy etc
	Our assessments show that our PPG children have been disproportionately impacted by school closures and reduced attendance.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To raise attainment of underachieving and vulnerable pupils in order	 Children's educational gaps in core subjects are identified and interventions or additional teaching such as tutoring are provided
to overcome gaps in learning and ensure that	 Providing small group work with an experienced teacher or specialist teaching assistant
they make expected/accelerated progress	 To provide training for additional adults in school to ensure effectively targeted support for underachieving and disadvantaged pupils
	 Additional teaching and learning opportunities provided by school led tuition and summer schools
	 Special educational needs are identified quickly to allow for targeted support
	 Children with SEN achieve expected progress from their individual starting points and work towards achieving age related expectations
	□ Providing specialist resources to support children's learning
	 Attendance is closely monitored and shown to return to pre-covid levels (expected 95% minimum)
High 'quality first teaching' will be a focus for CPD and planning will show	 Monitoring of teaching and learning shows that all children are receiving quality first teaching Staff CPD has a positive impact on the quality of teaching and
how the curriculum is personalised for specific	learning
learners and the progress that they make	 Dual needs SEND PPG pupils have improved access to high quality teaching and a more personalised provision/curriculum experience
To develop self-esteem and confidence of identified vulnerable	 Subsidising/Funding the cost of planned residential trips, educational activities or extra-curricular activities throughout the year
pupils - fostering positive peer and parent	 Providing small group work with a specialist teaching assistant e.g. ELSA, social skills
relationships and removing social and	 Welfare Support provided for identified children by the welfare lead
emotional barriers to learning	 Pastoral Support provided for children and families by the pastoral team
	 Parents are actively involved in supporting their child's social, emotional and behaviour difficulties
Children's literacy,	□ Staff CPD on language and literacy increase confidence in this area
including oral language and communication	 Continued involvement in the ECAT programme with a focus on effective indication and CPD for new staff
strategies in early years, will be developed so that	☐ Use of the I CAN toolkit to improve communication strategies for PPG learners in the EYFS

vocabulary knowledge, spelling and writing outcomes are improved	 Key strategies used to promote vocabulary across all year groups – songs, rhymes, chatterboxes, vocabulary mats - as evidenced by monitoring Children achieve early learning goals in communication and language at the end of reception Children are confident to talk to others and share their ideas Children listen to and read a wide range of quality texts to enhance vocabulary acquisition Children's writing shows evidence to good vocabulary
To improve the basic fluency reading skills for PPG learners who have not yet achieved agerelated expectations	 Targeted use of Recovery premium to support after school 1:1 fluency sessions Improved fluency to be able to access text at an ageappropriate level
To support our most able disadvantaged readers to read regularly and access high quality texts both in school and at home	 Funding and implementing the Reading Gladiators scheme for more able disadvantaged readers Promote the use of the Reading for Pleasure Maps including funding access to key texts on the map to engage PPG readers PP children make better progress in reading as a result of improved access to better quality texts both at home and at school PP children achieve in line with non-PP children – closing the gap
To develop children's numeracy and arithmetic skills, so that their mental fluency and outcomes in maths are improved	☐ Targeted use of Recovery premium to support after school 1:1 maths tutoring sessions
Funding places for PP children in extra-curricular clubs and activities and trips, providing necessary equipment such as PE kits.	 □ Giving PP children the opportunity to access activities that help develop the 'whole child' and put them on an equal footing with non-PP children □ Extra-curricular opportunities to enrich learning and support home/school partnership □ PPG children participate in extra-curricular activities □ Children participate in enrichment activities that are on offer
To improve the quality of home learning and give parents the resources to provide better practical support for learning at home	 □ School to provide PPG home learning packs □ Providing specialist resources to support children's learning e.g. devices/tablets to support home access to Doodlemaths programme

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £2,500

Activity	Evidence that supports this approach	Challenge(s) addressed
INSET day and staff meetings Pupil Progress Meetings - looking at internal data (attainment and progress) Looking at EEF evidence of best ways to support disadvantaged pupils	EEF guide to pupil progress – tiered approach. EEF teaching and learning toolkit. All teachers are aware of disadvantaged pupils. Teachers are aware of the children that did not make good or better progress in all subjects taught, therefore they can identify how best to support them using the latest evidence as well as their own knowledge and experience. Best practise can be shared.	A, B
Ongoing CPD to increase the quality of teaching and learning Dual needs SEND PPG pupils had improved access to high quality	EEF guide to pupil premium – tiered approach – high quality teaching. Sutton Trust- quality first teaching has direct impact on student outcomes. Ensure all relevant staff have up to date training in phonics and teaching is consistently good. Subject co-ordinators to monitor the	A, B
teaching and a more personalised provision/curriculum experience	teaching and learning of their subject and provide, or signpost appropriate CPD and support when needed. The EEF document states that good quality teaching helps every child.	
Vocabulary rich environment Specific intervention and resources that support and promote vocabulary development and retention	EEF (+5) – oral language interventions consistently show positive impact on learning. Sutton trust toolkit – oral language interventions. Pupils are exposed to regular rhymes, singing, books and discussion to acquire new vocabulary. Vocabulary is a focus at the beginning of each new unit of work across subjects and pupils are exposed to subject specific vocabulary using specifically designed vocabulary mats. ECAT and NELI programmes in place. Speech and language therapy plans in place for children that require it.	С

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £112,500

Activity	Evidence that supports this approach	Challenge(s) addressed
Reading for pleasure Reading Gladiators Reading for Pleasure maps – KS1, LKS2 and UKS2 To support our PPG and most able disadvantaged readers to read regularly and access high quality texts both in school and at home	 Funding and implementing the reading Gladiators scheme for more able disadvantaged readers Promote the use of the Reading for Pleasure Maps including funding access to key texts on the map to engage PPG readers To purchase one of the recommended books for their age group in order to celebrate World Book Day 	A, C
Interventions – language, reading, writing and maths. ECAT, I CAN, Catch Up Write from the Start Specific group interventions based on closing gaps from LAPs and NAPs	EEF (+4) Teaching by trained staff through evidence-based interventions that show rapid progress. Pre-teaching for children that benefit from vocabulary support.	A, B, C
School-led Tutoring	EEF (+4), Sutton Trust (+5) Evidence shows that 1:1 and small group tutoring is effective Tutoring and small group learning available to pupils identified to benefit by an experienced teacher within the school day or after school.	A, B
Academic Mentoring through an identified welfare lead in school	EEF (+4), Sutton Trust (+5) Evidence shows that 1:1 and small group mentoring is effective Welfare Lead role provides identified PPG children with academic mentoring in lessons to ensure that they have the opportunities and motivation to reach their full potential	A, B

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £42,000

Activity	Evidence that supports this approach	Challenge(s) addressed
Engaging with families	EEF toolkit – parental engagement (+3) Sutton trust – parental involvement (+3).	D, E
Funding for Pastoral Support Workers	EEF shows that social and emotional learning has a moderate impact (+4) for children who require further social and emotional development and their ability to interact with others.	
Improving attendance and readiness to learn	Providing parent support through 1:1 support, workshops and reference to external agencies Providing small group work with a specialist teaching assistant e.g. ELSA, social skills Focussed intervention and support	
Provision of PPG resource packs to support home school learning	Support from ELSA if emotional difficulties are impacting education. Continued development of the use of SeeSaw to share communication. Parents feedback shows that their ability to support home learning is affected by a lack of resources	
Activities to enhance the curriculum and provide wider learning experiences. To ensure PPG children have access to educational visits and extra-curricular activities	Sutton Trust – sports participation (+2) Children who are exposed to wider learning experiences have a better understanding of the world. Increased exposure to opportunities allows for higher aspirations. Remove finance or practical reasons as a barrier to experiences. Without this funding, majority of our PPG children would not be able to experience extra-curricular activities or residential or educational visits.	A, D, E

Total budgeted cost: £157,000

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

The achievement of disadvantaged pupils in combined RWMa was above LA average

<u>Achievement of Disadvantaged pupils</u> as shown by Internal assessment at the end of the academic year (July 2022)

Non-disadvantaged	Total FSM	FSM	Total PPG	PPG	Total PURE PPG	Pure
achieved ARE	achieved ARE	Gap	achieved ARE	Gap	achieved ARE	PPG Gap
Reading – 72%	Reading – 43%	29%	Reading - 44%	28%	Reading - 73%	No Gap
Writing - 64%	Writing – 32%	32%	Writing - 31%	33%	Writing - 53%	11%
Maths - 71%	Maths – 46%	25%	Maths – 45%	26%	Maths – 73%	No Gap

- There is a significant gap between the achievement of FSM/PPG pupils and all those who are considered to be non-disadvantaged
- The majority of our FSM/PPG pupils have dual needs in the form of SEND, EAL and/or CP circumstances/external agencies involvement this impacts their attainment. Pure PPG are those with only FSM/PPG status our data shows that there is no gap between these pupils and non-disadvantaged pupils in Reading and Maths. However a gap still exists in writing.
- Our priority is closing the pure PPG gap in writing, alongside improving the attainment for all FSM pupils in all subjects.

Behaviour and attitudes to learning remained positive for the vast majority of children with no differences between that of disadvantaged and non-disadvantaged children.

ney strategies/activities that had a positive i	Key strategies/activities that had a positive impact on learning outcomes for PPG childrer
