

# Parental controls guide

## **Parental Controls information**

#### Type of guide

Smartphones and other devices

#### **Features and Benefits**

You can enable restrictions to stop your children from using specific features and applications on an iPhone or iPad, including blocking access to iTunes, restrict explicit content and in-app purchasing. You can also limit access to the camera and sharing of photos

#### What specific content can I restrict?

#### What do I need?

An iPhone or iPad device and account

Enable screen time Using Screen Time to set content privacy restrictions and manage in-app purchases Go to "Settings" and tap "Screen Time".

Tap Continue, then choose "This is My [Device]" or "This is My Child's [Device]." If it's a shared device and you'd like to ensure settings are not changed then tap "Use Screen Time Passcode". Then re-enter the passcode to confirm. If it's a child's device, you can follow prompts until you get to Parent Passcode and enter a passcode. Re-enter to confirm.

Guided Access Guided Access allows you to lock your iPhone or iPad when in an app. This may be useful for children as they won't be able to come out of that particular app and will stop them from accessing other apps and settings. To enable: Go to your "Settings" tap "Accessibility" then scroll down and tap "Guided Acess".

Prevent web content iOS can automatically filter website content to limit access to adult content in Safari and apps on your device. You can also add specific websites to an approved or blocked list, or you can limit access to only approved websites. Follow these steps: Go to Settings, then Screen time. Tap 'Content & Privacy Restrictions' and enter your Screen Time passcode. Then, tap 'Content Restrictions', then tap 'Web Content'. Choose Unrestricted Access, Limit Adult Websites, or Allowed Websites Only.
